GoDEX CS1000-ZX Cutter-Stacker

tags, labels, sew-in labels...

The GoDEX CS1000-ZX Cutter-Stacker combines a powerful ZX1000i series printer with a high-capacity, robust automtic cutter and stacker unit.

Card tags, swing tickets, labels, sew-in care labels and many other items can be printed and stacked in high volumes without operator intervention for maximum efficiency.

Once the high-capacity stacker is full, the printer is automatically paused.

features and options

The heavy duty cutter has a guaranteed life cycle of 1 million cuts with material up to 325g/m² and is designed so blades can be quickly and easily changed.

Powerful GoLabel software, GoAPP Android app,Windows and MacOS drivers are included with all GoDEX systems.

Ethernet, USB and serial interfaces are included as standard with optional WiFi and Bluetooth.

Stand-alone operation is possible allowing the system to be operated without a PC or host system connected.
